## DRILLING INTERSECTS COPPER GOLD MINERALIZATION OVER 298 m

**Newmac Resources Inc. (TSX-V: NER)** is pleased to report assays for the first two diamond drill holes completed in a 1,000 m program on its 100% owned Newmac property. The first two holes were collared 5 m west of a diamond drill hole drilled east at  $-45^{\circ}$  by Jacqueline gold in 1988 that encountered 157 metres grading 0.18% copper including a 17 meter interval grading 0.31% copper and 340 ppb gold. Drill hole NM-05-01 was stopped in mineralization at a depth of 57.6 m after a fault was encountered. Drill hole NM-05-02 was then drilled from the same set-up at an angle of  $-80^{\circ}$  and was stopped in mineralization at a depth of 310 m. Assays for both of these holes are summarized below. Assays for the remaining holes are pending, and will be released as soon as they are received.

President David Hjerpe states “congratulations to our project geologist W. A Howell, P. Geo on a very successful initial reconnaissance drill program, this program shows we have a very large copper-gold-molybdenum porphyry system covering an area of over 5 km in strike length, further assays on the remaining 3 holes will be released when received. The company is very excited about the future prospects of this property.”

### DRILLING HIGHLIGHTS

<u>Hole No.</u>	<u>From (m)</u>	<u>To (m)</u>	<u>Interval (m)</u>	<u>Interval (ft)</u>	<u>Cu (%)</u>	<u>Au (g/tonne)</u>
NM-05-01	11.0	57.6	46.6	152.9	0.14	
including	11.0	39.0	28.0	91.8	0.16	
NM-05-02	12.0	310.0	298.0	977.4	0.14	0.005
including	12.0	228.5	216.5	710.1	0.18	0.068

Eco Tech Laboratory Ltd. of Kamloops, British Columbia completed copper and gold analyses for the company. Copper assays were determined by aqua-regia acid digestion and ICP analysis. Gold is being done by fire assay extraction and Atomic Absorption finish.

W.A. Howell, P. Geo is the qualified person as defined by National Policy 43-101 who has reviewed the contents of this news release.

Respectfully submitted  
ON BEHALF OF THE BOARD

“David Hjerpe”

David Hjerpe  
President
