SALE OF 0817230 BC Ltd.

August 11, 2014. Newmac Resources Inc. (“Newmac” or the “Company”) (TSX-V: NER) is pleased to announce that it has sold its interest in its subsidiary company 0817230 BC Ltd. to Hong Mei Luo for \$400,000. 0817230 BC Ltd.’s sole asset is the Tuloon Lake Camp (the “Camp”) located near Little Fort, British Columbia, which the Company has used in the past to house its personnel during exploration of its Crazy Fox property. The Company has rarely used the Camp during the past few years and concluded that a sale of the Camp was in the best interests of the Company. The sale of the Camp was an arms-length transaction.
